

# 2005 Georgia Engineers Summer Conference

March 17, 2005

Re: Engineers Summer Conference Sponsorship Opportunities  
*Engineers & Nature Working Together*

Dear Sponsors/Exhibitors:

More than 300 engineering companies and thousands of professional engineers throughout Georgia are invited to meet in one place for the industry's largest annual event. On behalf of the American Council of Engineering Companies of Georgia, the American Society of Civil Engineers, Georgia Section; the Georgia Society of Professional Engineers; and the Structural Engineers Association of Georgia, we are pleased to invite you to participate in our 2005 Georgia Engineers Summer Conference. The conference is to be held Thursday, June 2 – Saturday, June 4, at the Southern Pine Conference Center, Callaway Gardens, Pine Mountain, Georgia.

Subcontractors, service providers, and vendors are key components of the engineering community. Register to participate with Georgia engineers as a Conference Event Sponsor or Exhibiting Sponsor. As an Event Sponsor, you will have an opportunity to network with engineers from throughout the state who make decisions about your products and services. Event Sponsorship also includes exhibit space. As an Exhibiting Sponsor, you will have the opportunity to showcase your products and services. Because a two-day Soil and Erosion Certification Course will be held all day Thursday and Friday, this year we have extended the exhibition to include part of Thursday and all day Friday, immediately before and after the technical seminars, during the seminar breaks, and during the Thursday evening reception. **We have organized the seminars within close proximity to the exhibit area, giving Exhibiting Sponsors greater exposure.**

Also, this year we will be providing t-shirts to all registered attendees. As a sponsor or exhibitor, your firm will be listed on the t-shirt! However, we must receive your registration prior to the print deadline in order to guarantee that you will be included.

An outline of sponsorship opportunities is included on the sponsor/exhibitor registration form. Keep in mind that we will work with you to design a program that meets your marketing objectives.

In addition to your chosen sponsorship, you are invited to participate in many of the optional events. Costs for optional events and dining tickets can be obtained by calling Gwen Brandon at the Georgia Engineering Center.

If you have any questions, please feel free to contact Gwen, 404-521-2324 ([gwen.brandon@gaengineers.org](mailto:gwen.brandon@gaengineers.org)) or me at 678-858-6216 ([matt@secement.org](mailto:matt@secement.org)).

Very truly yours,

*Matthew Singel, P.E.*
